Re: Youngsters on the air 2017

Thank you very much for your generous donation towards the costs of hosting the International YOTA Summer Camp this year. It will help ensure that it is a truly memorable occasion for all those taking part and those supporting them. We hope to show amateur radio at its most interesting and exciting - and also leave the participants from all over the world with a great memory of the United Kingdom.

We sometimes struggle to share our enthusiasm for amateur radio young people but this provides a golden opportunity to do so. The RSGB is very grateful to all those who have taken the opportunity to be associated with YOTA 21017.

Thank you very much indeed.

Yours Sincerely

Nick Henwood, G3RWF
RSGB President
